

+ COACHCARE FACT SHEET

The award-winning CoachCare technology platform powers health clinics across a number of specialties. A custom-branded mobile app, dashboard and connected proprietary devices combine in one integrated platform to improve patient care and increase clinic revenues. With the rise of weight and lifestyle management programs, CoachCare makes it simple and affordable for clinics to gain 24/7 insight into their patients' lives outside the four walls of the clinic. CoachCare delivers a clinic's unique protocol and focuses on the data practitioners need at the moment they need it.

OVERVIEW

- Founded in January 2017
- Approximately 25 employees globally
- Operations in New York, NY with remote sales/ marketing team in Austin, TX
- Over 2500 clinics across the US, Canada, UK and Australia currently using the CoachCare solution
